DRAIN DOWN was founded in January 2018 in Freiburg.

The meaning of the name can be traced back to the development of the society, which is clearly evident in the lyrics.

The sound and style of **DRAIN DOWN** is a mix of thrash metal and hardcore with a good punk twist. The 6-track EP "USE YOUR BRAIN" was recorded, mixed and mastered at IGUANA Studios in November 2018.

In autumn 2019 **DRAIN DOWN** spent four weeks supporting The Exploited on a European tour leading through 10 countries.

In 2020 the full length debut album "**Defiance**" was produced and mastered which will be released at 26th March 2021 via Timezone Records.
